Patton  Pharmacy
your friends for life

We're Here for You.

MTM SERVICES

Medication therapy management, also referred to as MTM, is a broad range of health care services provided by your Patton Pharmacist. Intended to optimize therapeutic outcomes for individual patients, these services include medication therapy reviews, pharmacotherapy consults, anticoagulation management, immunizations, health and wellness programs and many other clinical services.

PATTON PHARMACY PARTNERSHIP

Having a collaborative care system with **Patton Pharmacy** is not only beneficial to the health of your patients, but to physicians as well. With our contributions improve your patients target disease outcomes. And as a pharmacy we work hard to find the best deals on all prescriptions subscribed to alleviate associated costs.

We are a BOC accredited pharmacy that allows the billing and provision of all DME and Diabetic supplies through Medicare. Not only is **Patton Pharmacy** an accredited supplier of Highmark and Security Blue, but also one of the only pharmacies in the area that offer diabetic meter data downloads to maximize patient compliance.

IMPROVE CLINICAL OUTCOMES. IMPROVE YOUR REIMBURSEMENTS.

CLINICAL PHARMACY SERVICES

GLUCOMETER DATA ANALYSIS

Patton Pharmacy will provide you with reliable & consistent summary readings & data reports for "meaningful use of electronic file" compliance.

MANAGE PRESCRIPTION COSTS

Patton Pharmacy individually meets with the patient, evaluates their insurance plan and determines the best options to minimize costs to the patient. Patton Pharmacy's aggressive generic pricing program meets or exceeds any program in the industry.

MEDICARE D DONUT HOLE

Patton Pharmacy associates are insurance reimbursement experts. We help patients manage this problem.

IMPROVE HEDIS QUALITY MARKERS

With our drug utilization and outcome analysis, along with medication therapy management services will help improve overall patient outcome markers.

"SIMPLIFY MY MEDS" PROGRAMS

Refill synchronization program to improve medication compliance.

CERTIFIED DIABETES EDUCATION AND COMPLIANCE PROGRAM

Our new, wide-ranging, Diabetes education program provides the patient with an individual consultative program to help them in all areas of treatment ensuring that the desired outcomes are achieved.

Patton Pharmacy.

An important resource for you and your patients.
